Report of activities undertaken by the institution for cultivation & propagation of medicinal plants

- CARC have cultivated 484 species with total 2133 no of medicinal plants in 3.18-acre area of our herbal garden which is divided into college & hospital campus & in Dehuroad campus.
- This garden has many species collected from different parts of India, which are difficult to grow naturally in our region are conserved by taking special care & efforts.
- Cultivation of 59 rare & endangered species up to July 2023 is done.
- Plantation of 27 Nakshatra Vrukshas in the herbal garden is done as per mentioned in Raj Nighantu.
- For propagation & conservation purpose various seeds are collected & germinated regularly.
- Various activities are carried out by the institution like seed ball making/plantation activities with the help of students in order to promote propagation & conservation.
- Trials of various germination techniques with the help of seeds, stem etc is carried out for propagation of medicinal plants.
- Cultivation of more than 200 plants in pots as live specimen.
- Water supply facility is available for each & every medicinal plants.
- Daily cleanliness is maintained in the herbal garden.
- Dry leaves waste management is done to prepare compost manure in the herbal garden.
- Insecticides are sprayed time to time.
- Very useful species like Giloy, Vasa, Shatavari, Tulasi, Sahachar are being propagated for distribution purpose in various programs.
- In 2020-21 college has received NMPB grant from Pune Vidyapeeth for 10,000 sapling generation & distribution of GUDUCHI plant under 'Amruta for Life' scheme of Central Govt.

- For plants propagation & conservation purpose medicinal plant saplings are distributed for various events. For ex- Saplings donation to patients participated in medical camps, participants of exhibition are given some plants for cultivation. Most of the chief guests/speakers are honored by medicinal plants in various events or programs.
- Various plantation & plants awareness programs are undertaken with NSS like- 'Mazi Vasundhara' 'Meri mati mera Desh' 'vanamahotsava' etc.
- Department of dravyaguna & Bhavprakash Herbal Garden has a nursery section in which various types of plants saplings are generated for plants distribution as a gift or for sale.
- Many students also get benefitted with this facility and took plants to their home town and propagate them. One student's feedback for the same is attached for example.
- One plants distribution activity with informative lecture on conservation of plants in home garden to school students is also attached for reference.

Report of "Activities done to propagate & conservation & cultivation of medicinal plants by department of Dravyaguna of CARC -

Name of The Activity - 2 Lectures delivered by Dr Bhor in "National CME on- Dravyaguna Ayush Teachers"

Organized By -- Dept of PG studies in Dravyaguna- Alva's Ayurvedic Medical College, Moodubidire, Karnataka which is sponsored by AYUSH, GOVT OF INDIA, NEW DELHI & RAV

Place - Moodubidire, Near Udupi, Karnataka

Date- 13 March 2022 Time- 9.30am-11.00 am & 1.45pm - 3.15pm

Invited & Participated guest speaker from CARC - Vd Ila Bhor, Asso.prof-Dept of Dg

Link for photos-

<https://drive.google.com/drive/folders/1T9Ts5f9nDf1ywupme39wTvQ16Ns53PCO?usp=sharing>

Report - Dept of Dravyaguna- Dept of PG studies in Dravyaguna- Alva's Ayurvedic Medical College, Moodubidire, Karnataka has arranged a national 6 days CME in Dravyaguna subject for teachers of Ayurveda on 12/09/2022 to 17/09/2022 in which Vd Ila Bhor, Asso.prof-Dept of Dravyaguna, CARC was invited speaker and delivered 2 lectures in the CME.

She has given physically 2 guest lectures on the topic 'Knowledge of Market Samples including adulterant/ alternate/substitute plant drugs' from 9.30 am to 11.00 am and 'Critical analysis of Mahakashay' from 11.15am to 1 pm on 13/9/2022 in which current situation of most of the commonly used medicinal plants in market and periodical changes in pratinidhi dravyas in classical texts was explained in first lecture and in second lecture 'Phalavarga in Classics with changing trends & Research aspects & future perspective for Dravyaguna' was explained. Classical fruits with addition of new fruits in medieval period & in modern period with their properties & various research areas to be explored in Dravyaguna in future is discussed with all the participants & organisers. Teachers from all over India were also registered and participated in this CME.

On 12/09/2022 evening at college garden visit done by Vd Bhor and took various plant rhizomes of *H.coronarium* and root/ stem cuttings of *Raktachitrak* (*Plumbago rosea*), *Aranyajiraka* (*Centratherrum anthelminticum*) & *Aglaiya roxburghiana* (*Priyangu substitute*), *Kallu tulasi* (*Orthocyanaristatus*) Rhizomes of *Hedachium flavescens* & *Heachium coronarium* and various seeds of some plants like *Latakasturi* & *Bhadira* from that place & planted for propagation in CARC garden.

from that place for propagation & cultivation in CARC garden.

Utility- With this lecture up gradation of knowledge of the speaker time to time and other participants was done & some sort of exchange of thoughts happened & efforts taken for conservation & cultivation of medicinal plants from different geographical area to mother institute will be helpful to increase no of species and plants.

Brief summary of the event:

In which, to create an awareness about ecosystem restoration two documentaries were shown to 1st BAMS students in the afternoon session.

Before that “Tree Plantation Programme” was carried out at CARC campus botanical garden, in the presence of Hon’ble Principal, Vice-principal and departmental teaching & non-teaching staff.

Short lectures about environmental awareness and textual references is given by Dr M.D.Lad-HOD and Dr Chinmay Phadke before the documentaries.

Dr Mhaske Rajesh-the NSS co-ordinator has taken ‘plastic collection campaign in the campus as directed by MUHS with the help of NSS students.

Dr Ila Bhor has coordinated & conducted the whole program.

Pledge taking program is also conducted in the classroom as per the directions of AYUSH & MISSION LIFE PORTAL.

Utility –

It was a very much fruitful event regarding creation of awareness about protection & restoration of the ecosystem by the means of conservation & cultivation of different medicinal plants among the students.

Department of Dravyaguna is very much thankful to Principal Dr. Patil madam and Vice-principal Dr. Bobade sir for the permission, support, encouragement and guidance for the conduction of this event.

Brief summary of the event:

The project entitled "Production of Quality Planting Materials (QPMs) and Create awareness of Tinospora cordifolia (Willd.) Miers ex Hook.f. amongst different stakeholders" has sanctioned from NMPB, Ministry of AYUSH, Govt of India to the dept of Botany, Pune University with the objective of production of quality planting materials of Giloy.

Under this mission of 'Amruta for life' Pune University has invited proposal to our college of Ayurved & Research Centre, Nigdi, Pune for the 10,000 quality production of individual healthy Guduchi/Amruta saplings and sanctioned the grant of 50.000rs (5 rupees per sapling) for the same.

Dravyaguna Departmental teaching staff has initiated the collection of material and preparation of 10,000 Guduchi saplings in required conditions with the help of non- teaching staff in the herbal garden and completed the project within 3-4 months and handover the saplings of Guduchi step by step to the authorities of Pune university dept of Botany.

After completion & verification of the project 2 checks of grant were released to the college.

Sub:- Regarding participation in your NMPB project and other collaborative activities with your department

Ref:- BOT/208/3020,Dtd.4.9.2020.

As per telephonic conversation with Dr Bhor regarding participation in your NMPB sanctioned project 'Amruta for Life'.

Respected Sir,

As per the above reference, our teachers in the department of Dravyaguna of College of Ayurved & Research Centre, Nigdi is interested to join & participate in your NMPB sanctioned project "National Campaign on Amrita for Life".

Kindly provide the information and nature of work in conservation & cultivation of medicinal plants as per your expectations.

With this work, we also had an inclination to do other collaborative activities in the field of conservation & cultivation of medicinal plants.

Expecting the co-operation for the same.

Thanking you in anticipation.

-General Notification-

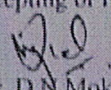

The project entitled, 'Production of Quality Planting Materials (QPMs) and Create Awareness of *Tinospora cordifolia* (Willd.) Miers ex Hook.f. Amongst Different Stakeholders' has sanctioned from NMPB, Ministry of AYUSH, Government of India to Dr.D.N.Mokat, Associate Professor, Department of Botany. The major objective of the project is production of Quality Planting Materials (QPMs) of 'Giloy'.

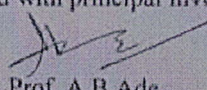

Under the mission 'Amruta for Life' we are happy to invite SHGs, Government organizations, Universities, NGOs, Colleges, Tribal societies, Progressive farmers and Professional Nursery holders for Production of QPMs.

For the production of QPMs the scientific know how, technical information is available with Principal Investigator.

The interested institutes/persons may apply through PI email (parimalasai@gmail.com) with details like name of the institute/person, address, contact details, work experience in the field of nursery and any other relevant information. Please attach the information with application on or before 11.09.2020 (Friday). Please quote the rate for individual healthy saplings of 1ft. height raised in 5x7 ^{inch} ~~cm~~ black polybag with media. Also mention the maximum capacity for production of 'Giloy' (*T. cordifolia*) QPMs.

The selected institute/person will be communicated through email for the production of QPMs. The rights for accepting or rejecting the proposal is reserved with principal investigator.
