Outlook-acrc_akurdi@pdeapune.org

Foreword ...

It gives me immense pleasure to pen perspective plan for PDEA's College of Ayurved & Research Centre, Nigdi, Pune for the period 2020-2025.

PDEA is our strength during this journey of academic excellence and health care.

Hon.Sharadchandrajji Pawar, Ex. Minister of Defence and Minister of Agriculture, Government of India, Ex. Chief Minister Government of Maharashtra is our mentor and under the dynamic leadership of Mr.Ajit Pawar, Deputy Chief Minister, Government of Maharashtra, we are able to achieve our goals.

PDEA's College of Ayurved & Research Centre, Nigdi, Pune was established in 1990 to render health education for socially and economically underprivileged students.

Teach, learn, discover and cure are our goals, for which we meticulously plan our policies.

The major tasks we achieved in the last five years are getting NABH accreditation and launching of research journal "PDEASIJRAAS".

The year 2020 began with disaster of pandemic of Covid-19 disease and all health institutions has to modulate planning and strategies to combat Covid-19. We also have mend our academic policies to avoid academic losses of our students. All faculties are taking online lectures and clinics in this pandemic period.

We also have adapted new policies in our teaching hospital to cope up with Covid-19 pandemic. We are committed to give health care to Covid -19 patients.

With contest to Covid -19, we have received two research grants by AYUSH Ministry for SARS CoV-2 and COVID-19 disease under modified Extra Mural Research Scheme.

The present Perspective Plan has been prepared for the period of five years commencing from the academic year 2020 to 2025.

The college IQAC committee is established for quality education.

Perspective Plan (2020-2025)

I am thankful to all authorities of PDEA for their valuable guidance in mapping perspective plan. I am always grateful to my CARC team for being my support and strength.

The Perspective Plan has been discussed, analyzed and approved by Local Managing Committee of the college.

We have genuinely designed our future plan which is heading forward to meet our vision and mission.

Outlook-acrc_akurdi@pdeapune.org

About College ...

College of Ayurved and Research Centre is an offspring of the organization “Pune District Education Association”, more famously known as “PDEA”.

Education is the only right path to change outlook of underprivileged individual to enhance quality of life and development of country so PDEA was established in 1941 by great visionary person “Late Shri Baburaoji Gholap” to render education to low socio economical sector of Pune District.

“*Bahujanhitay, Bahujansukhay*” is a mission of PDEA, which means welfare and happiness of socio-economically underprivileged people.

In the year 1990, to increase the opportunities of medical education & to provide quality health care, with permission of Maharashtra Government, PDEA established College of Ayurved & Research Centre which is located in peripheral region of Pimpri-Chinchwad city.

From 1990 to till date, College has taken a great leap and done progress at UG, PG, Fellowship courses & Ph.D.

We are following path carved by great personalities who has taken sincere efforts for wellbeing of the underprivileged society through quality education. Also as an Ayurveda institute we are bound to provide ethical health services to the society along with quality education.

From the year 1990 we have focused only on the academic and clinical development of undergraduate students and from 2002 we started to establish PG departments step by step. And till date, we are having PG programs in all 14 departments. Since 2014 we are running PhD program in the 10 departments.

Outlook-acrc_akurdi@pdeapune.org

Perspective Plan (2020-2025)

Research is a biggest advantage of post graduate education and we have grabbed this advantage by establishing independent Research Department in our institution.

PDEA's Ayurved Rugnalya and Sterling Multispecialty Hospital (ARSMH) which is attached to the college, is preparing our UG & PG students skilled doctors by providing them hands on training and all need base quality clinical education.

Recently in 2019, we have been accredited by NABH as we are imparting best possible services to our patients.

PDEA's ARSMH is serving to COVID -19 patients which confirm our social commitments.

Perspective Plan ...

Aim -

Perspective plan is intended in consonance with institutional Vision & Mission which emphasis on Teaching-learning, Research and Healthcare

Objectives -

- To bring Ayurveda as a frontline system of healthcare
- NAAC Accreditation
- To Continue with NABH accreditation
- To increase the intake of UG & PG students
- To commence PhD programs in the remaining subjects and to start certificate courses sanctioned by MUHS
- To adhere to the Annual Teaching Plan for effective delivery and evaluation of curriculum
- LMS development for teaching & learning & use of google classroom
- Extension of college and hospital infrastructure
- Effective ICT use in teaching learning
- To start You Tube channels of all departments
- To develop skill laboratory, Poison testifying lab, Pharmacognosy lab.
- To start short term courses for outcome-based trainings
- Organization of seminars and workshops
- Addition of e - journals & e-resources
- Full automation and digitization of the library.
- To strengthen placement cell, more MOUs will be made for campus interviews.
- Pre placement activities /workshop will be conducted every year to teach our students interview & communication skills with resume writing.
- To strengthen the Alumni activities and development programs
- Development of Innovation Centre for Research with incubation.
- To develop ecofriendly campus for energy saving.
- Financial planning to accomplish the objectives.

Perspective Plan (2020-2025)

Pune District Education Association's College of Ayurved & Research Centre

Outlook-acrc_akurdi@pdeapune.org

Strategies ...

Teaching Learning -

- To maintain excellence in teaching & learning
- To start certificate courses sanctioned by MUHS, Nashik
- To start PhD program in the remaining departments.
- Use of digital resources for Teaching Learning
- To develop skill labs to adapt new skills or techniques in teaching-learning process
- Installation of smart boards in the classrooms
- To incorporate advanced medical technology such as role play, microteaching to enhance clinical skills and to understand fundamental Ayurvedic concepts.
- Updation of Endangered plants in the museum.
- Upgrading of Pharmacognosy laboratory as per Ayurveda Methodology.
- Establish the cultivation techniques of some important medicinal plants according to Vriksha-Ayurveda & Tissue culture.
- To develop Poison testing Lab in Agadtantra Vyavahar Ayurved Department

Research -

- Encourage to take up evidence-based research projects by PG and PhD scholars and Faculties
- To undertake multidisciplinary, multicentric research projects
- To focus on fundamental research in Ayurveda
- To seek funds for research projects from AYUSH ministry & other agencies.
- To undertake more clinical trials
- To develop advanced well-equipped Pharmacognosy lab
- Development of Analytical AYUSH affiliated laboratory with all active component separation techniques as HPLC, HPTLC, GLC and GC

Perspective Plan (2020-2025)

Pune District Education Association's College of Ayurved & Research Centre

Perspective Plan (2020-2025)

Quality Enhancement audits : Accreditation / Re-accreditation

- NABH reaccreditation every three years.
- To enter in the process of accreditation of NAAC in next 5 years.

Library -

- To take membership of more libraries and share their resources
- To make efforts to nurture reading habits and develop research aptitude among the students.

Leadership-Governance

- Implementation of revised curriculum of NCISM in the college.
- To implement new policies of admission regulating authority.
- To update data of teaching faculties on various portals.
- To organize faculty development programs for the knowledge enrichment.

Financial Planning

- Annual budget will be prepared for every upcoming financial year.
- To plan the financial budget, according to departmental requirements.
- Utilization of the funds will be ensured properly as per budget.

Additional Plans

- To procure AYUSH grants to develop skill based programs for the students.
- To organize workshops on healthy and traditional food recipes under Rasashastra & Bhaishajya Kalpana Department.
- Establishment of Vrikshayurved experimental study.
- To start tissue culture laboratory and thereby increase the activity of cultivation of rare & endangered medicinal plants.
