STRATEGIC PLAN OF NATIONAL SERVICE SCHEME UNIT (N.S.S.)

Introduction: -

The overall aim of National Service Scheme is to give an extension dimension to the higher education system and orient the student youth to community service while they are studying in educational institution. The educated youth who are expected to take the reins of administration in future are found to be unaware of the problems of the village/slums community and in certain cases are indifferent towards their problems. Therefore, it is necessary to arouse the social conscience of the students, and to provide them an opportunity to work with the people in the villages and slums. It is felt that their interaction with common villagers and slum dwellers will expose them to the realities of life and bring about a change in their social perception.
