प्राचार्य

Gender equality is not only an ultimate human right, but a necessary base for a peaceful, and prosperous world. There has been progress over the last decades, but the world is not on track to achieve gender equality by 2030. On the occasion of 70th Republic Day Flag Hoisting Ceremony our college student, Sharayu Ghatol gave speech on Gender equality.

In her speech she said- thinking of society is changing slowly. Many women are getting a quality education. But the true meaning of women empowerment will be achieved when gender equality will be established.

We need to give equal opportunities to women for equal pay, equal respect as equal to men. We look forward to such a nation. Equal rights in decision making, health, politics, infrastructure, profession, etc. will surely advance our society to a new level.

Brief summary of the event

In the Indian society, there has been prevalence of the practice of female foeticide as well as female infanticide. The individuals possess numerous viewpoints regarding the birth of female child and their desire for the male child has been extremely strong. Under Gender Equity Program, an essay writing on- Campaign against female foeticide was arranged by NSS for the First Year BAMS students to develop the seriousness and awareness of this topic. The participant students expressed their views regarding female foeticide in their essays. Many people possess this viewpoint that male children would effectively contribute in bringing wealth, fame and reputation to the families and female children are considered to be the liabilities. Students underline the importance of educating and empowering the next generation on the importance of a female child to engage students and parents to scale-up campaign against female foeticide.

Brief summary of the event

Gender equity means respecting all people without discrimination, regardless of their gender. It also means addressing gender inequalities that limit a person's ability to access opportunities to achieve better health, education and economic opportunity based on their gender.

Medical health check-up camp in PDEA's Primary school was arranged at Dehu road on 13-3-2020. Time- 9.00 to 1.00 pm. The teachers of the school felicitated all consultants and volunteers and gave vote of thanks. During health check-up camp 150 students from 1st to 4th class were checked. Ill students were treated with medicines.

The NSS candidates enjoyed the camp very much. The expressed their opinions regarding social service. And also mentioned the need of social service to develop the nation.

Summary of the Event

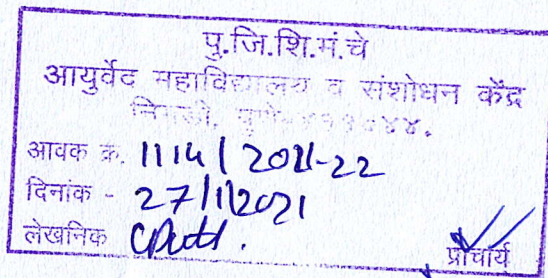

Shri Mhalsakant Mahavidyalay, Akurdi, Pune has organised the Awareness Program for girl students regarding their Health care in current Covid Situation and their Adolescent Problems.

For this lecture more than 500 participants got enrolled.

Dr. Madhavi Deodas very nicely elaborate on nutrition in adolescent age and preventive measures to be carried in current Covid situation. Also Dr Anjali Jadhav guided all girls regarding the health care during menses and explain the problems such as PCOD etc. Both the speakers shared their personal clinical experiences in their lecture. They also cleared doubts asked by students.

This lecture was helpful to all students and help to encourage students to counsel the parents about the diet and their nutrition and also adolescent problems.

Thanks, and Regards.

Name of the event- Speech: Gender sensitization by Dr. Madhavi Deodas

Date - 17/05/2022

Time - 02.00 -3.00

Location of the event- Class room no. 1

Participants- First Year BAMS students.

Number of persons attending the event- Students- 60

Organising committee- Academic coordinator, Transitional Curriculum.

Contact person- Dr. Manisha Bhanage

Telephone number- 9130099663

Brief summary of the event

Under the Transitional Curriculum program lecture of Dr. Madhavi Deodas was arranged for the students of the First Year BAMS new admission. In her speech Dr. Madhavi Deodas emphasized the importance of gender equity. She said- In a society, everyone has the right to lead his/her life without any discrimination. When this state is achieved where all individuals are considered to be equal irrespective of their caste, gender, color, profession, and status, we call it equality. But there is a lot of discrimination.

The age-old social structure dictated that women need to stay inside the home taking care of all when men go out to earn. This has been practiced for ages when the world outside was not safe. Now the time has changed and we have successfully made our environment quite safer, women can step forward, get educated, pursue their passion, bring economic balance in their families, and share the weight of a family with men. This, in a cumulative way, will also make a country's economy progress faster and better.

Event - Survey on awareness of sexual Harassment & violence against women

Date of Survey – August 2022

Organising Department – Department of Ayurved Samhita Siddhant

Location of Survey – PDEA's College of Ayurved & Research Centre

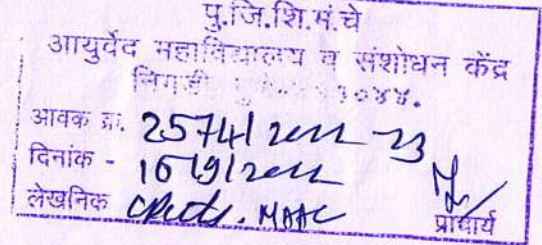

Number of Participants – 100

Mode of Survey – Online

Link - <https://forms.gle/WHLG8afWHbUoTs3a6>

Contact person – Prof. Vd. Yogita Jamdade, HOD

Email ID – carcsamhita2022@gmail.com

Summary of Survey-

Department of Samhita & Siddhanta, PDEA's College of Ayurved & Research Centre conducted this online survey through Google form; under Gender equity sensitization program for 2022. Questions included in this survey were asked for purpose of spreading and assessing awareness of Sexual Harassment & violence against women. The questionnaire was validated by the Vishakha Committee Members Dr. Madhavi Deodas and Dr. Arti Firke before circulating it to the respondents. Students at the college and other staff were asked to voluntarily submit responses in the survey. Responses recorded in this survey can be used by institute to evaluate awareness. Responses recorded in this survey were not considered as a complaint against anyone. Identity of responder was not necessarily required. Identity of responder will not be revealed.

Total Responses were – 100, Male – 42, Female – 52, 2 – Opted not to reveal gender, 4 rejected participations in the survey. 5 respondents voluntarily shared their name. Among them 1 was female and 4 were male. Participants were from 22 different cities across Maharashtra. Among them 55 were residents of the Pune or Nigdi.

Among these participants 13 have experienced some sort of sexual harassment. 3 were not Aware of it.

Age Group	Participants
18 to 20	59
21 to 23	32
24 to 26	1
27 yrs or elder	4

After reading information about types of Sexual Harassments & violence 12 participants revealed that they have experienced some sort of Sexual Harassment or violence more than once; in 2 responses it was 4 times up till now.

Type of Harrassment	Responces
Unwanted physical contact	10
Suggestive remarks	3
Jokes of a sexual nature	1
Display of sexually offensive materials in public space	0
Unwanted comments on dress	8
Invasion of personal space	3
Staring or Leering	15
Intimidating presence (e.g followed in proximity)	5

Who did do this to them	Responses
Friend	7
Colleague	3
Classmate	2
Stranger	28
Service provider	4
Employer	1
Senior	1

Place of Harassment	Responses
Work	4
School	3
Public transport	16
Street	16
Shop	4
Public building	7
Lift, Covid Hospital	1
Dmart	1

How did it make them feel	Responses
Afraid	13
Nervous	9
Embarrassed	6
Angry	23
Uncomfortable	21
Upset	8
Degraded	2
Intimidated	1
Defiant	2
Neutral (used to the behavior)	10

Among these participants in total 61 times, they felt that they needed immediate support, but they got it only 50 times. They got support 23 times from friends and family and 4 times through helpline. 7 of them had to change their route or place. 40 % of the participants didn't knew about Vishakha Committee in our institute at the time of survey.

18 participants didn't know about any helpline. 52 participants didn't know about any Safety apps. All of them came to know about these facilities during this survey. 55 participants haven't enabled emergency contacts in their mobile phones. 42 % of the participants are trained in some or other self-defense techniques. 70 % of the participants do not carry any kind of self-defense equipment. 13 responses were found negligent about helping a woman being sexually Harassed or violated.
